FOUNDRY TRADE JOURNAL
Established 1902

Index to Volume 94

January to June, 1953

A

Acknowledgments, 58
Action against Fife Foundry, 590
Albion Motors Lose Contract, 748
Aluminium Alloys (High-silicon) and the Corresponding Structures, Modification of, 725
Aluminium Development Association, Annual Meeting, 555
Aluminium Pattern Equipment, Pressure-cast, 659
Aluminium/Silicon Alloys Modification, 91
Aluminium to be Freed, 748
Amalgamated Engineering Union supports Engineers' Wage Claims, 566
American Aid to British Productivity, 289
American Contracts for Sheffield Castings, 528
American Foundrymen's Society's European Tours, 318
American Viewpoint of British Industrial Efforts, 627
Anodized Dies, 160
Appleby-Frodingham Blast Furnaces, 223
Application of Science to Industry, 165
A.P.V. Foundries Opened, 578
Aspects of Nuclear Fission of Interest to Foundrymen and Metallurgists, 697
Association of Bronze and Brass Founders:—
London area Meeting, 299, 404, 529, 696
Augmenting Home Scrap Supplies, 195
Australia offers £1,000 Fellowship in Metallurgy, 488
Australian Foundrymen join I.B.F., 636
Australian Import Relaxations, 249
Australian Notes, 619
Average Weekly Earnings Rise, 423
Avoidance of Blowholes when Welding Cast Iron, 245

B

Ballot, Ironfounders, 54
Ballot Report, 83
Ban on Strategic Goods to China, 393
Basic Material Prices Fall, 730
Belfast Ironfounders at Westminster, 58
Belgian Iron and Steel Meeting, 404
Birmid Golden Jubilee, 546
Birmingham Museum, 565
Blackheart, Elevator-type Annealing Furnaces, 583
Blackpool Conference, 721
Blowholes, Avoidance of, when Welding Cast Iron, 245
"Boiling" and "Pinholing" in Enamelled Light-iron Castings, 273
Book Reviews:—
Album de Défauts de Fonderie (Album of Foundry Defects), 302
Atmospheric Pollution: Its Origins and Prevention, 238
Atomic Theory for Students of Metallurgy (2nd ed.), 237
Casting of Non-ferrous Ingots, 206
Company Director—His Functions, Powers, and Duties, 424
Conference Proceedings, Harrogate, 237
Dynasty of Ironfounders, 237
Equipment for the Thermal Treatment of Non-ferrous Metals and Alloys, 674
Fatigue of Metals, 528
Ferrous Analysis, 302
Handbuch der Smelz- und Legierungspraxis in der Metalgiesserei (Handbook for Melting and Alloying Practice in the Non-ferrous Foundry), 98
Investment Castings for Engineers, 302
Lighting in Industry, 195
Mechanical World Electrical Year Book, 1953, 237
Mechanical World Year Book, 1953, 195
Metal Data, 674
Oxidation of Metal and Alloys, 302
Physical Constants of Some Commercial Steels at Elevated Temperatures, 237
Technical Report, 98
Boron in Steel, 681
British Blast Furnaces in the December Quarter, 1952, 338; March Quarter, 1953, 590
British Columbian Ore Project, 713
British Electrical Power Convention, 584
British Industries Fair, 461, 494, 591, 668
British Iron and Steel Research Association, 587
British Non-Ferrous Metals Research Association, 499; Open Week, 376 (see Leader, 431)
British Railways Power Units Orders, 566
British Rollmakers' Corporation, 537
British Standards Institution, 90
Aluminium Filler Alloys for Brazing, 202
Brass Rods and Sections, 202
Draw-off Taps and Stop-valves for Water Services, 591
Oil-burning Equipment (Revised), 272
British Steel Castings Research Association, 318
British Steel Founders' Association:—
Customer/Founder Convention, 376, 419 (see Leaders, 459, 487)
British Welding Research Association Summer School, 592
Bronze and Brass Ingot Association, 215
Brown (John) as Holding Company, 338

C

Calcium Carbide Injection, 304
Campaign for Higher Productivity, 365
Canadian Steel Prospects, 556
Capper Pass Awards, 592
Car Production Data, 185
Careers in Fan Engineering, 618
Cargo Fleet Works' Expansion, 592
Cast Iron for Vitreous Enamelling, Process Control (Discussion), 647
Cast Iron Industry, Present Developments and Future Trends, 125
Casting Aluminium Bronze, 451

Casting Design in Relation to Production, 179, 300
Castings and Ultrasonic Testing, 611
Castings for the Smithy and Forge, 467, 503
Catalogues, New:—133, 195, 247, 316, 414, 466, 581, 630
Census of Production, 722
Changes at Appleby-Frodingham, 48
Changes at I.C.I. Metals Division, 452
"Chief Joseph Dam" Bids, 680, 730
Claim against Foundry Fails, 101
Clyde Order Cancelled, 718
Clyde Steamer for Scrap, 724
Coking Plant for Margam, 508
Colville's New Plant Scheme, 740
Combating Underground Corrosion, 17
Commercial and Industrial Education, 724
Committee on Duty-free Entry of Machinery, 404
Comparative Machinability, 432
Compensation to Ex-servicemen, 48
Conditions in the Tuyere Zone, 186
Conference on Non-destructive Testing, 460
Conference Paper Author:—
C. Mascré, 722
Conference Works Visits, 631, 677
Contagion? 621
Continuous Lead-casting Machine, 473
Controls on Electrical Goods Lifted, 82
Core-assembly as a Production Aid to the Jobbing Founder, 33, 71
Core Stove, Tunnel-type, Continuous, 559
Cores and Coreboxes, 619
Cores for a Cooling Table, 247
Coronation and Birthday Honours List, 675
Correspondence:—
Family Service Record? 666
Iron and Steel Bill, 4, 47, 62, 174
Let's Get this Straight, 256
Safety Measures for Rollover Machines, 518
Shell-moulding, 118
Spheroidal-graphite Cast Iron, 4
Courses in Liquid Fuels and Thermodynamics, 11
"C" Process of Casting, 355 (Discussion, 385)
Crucible Graphite, 12
Crystallization of Nodular-graphite Cast Iron, 547
Cupola, Installation of a Water-cooled, 519, 561
Cupola Height-of-Charge Indicator, 216
Customer/Founder Convention I, 459, II, 487

D

Dam Contract for English Electric, 680, 730
Damages of £25 Awarded, 205
Departmental Expenditure, 393
Design in Relation to Production, 179, 300
Design, Installation and Operation of a Water-cooled Cupola, 519, 561
Development of Newfoundland, 339
Development of Scottish Industries, 272
Developments at the August Thyssen Hütte, 537
Developments in Steel Castings in the Heavy Power Plant Industry, 405, 439
Dies, Proving Tests and Procedures, 579
Dinners:—
Aga Heat Limited, 290
Birmingham Aluminium Casting (1903) Company Limited, 546
Daniell, G. J., 30
Foundry Coke Merchants' Association, 240
Institute of British Foundrymen, Scottish Branch, 404
Ironfounders' National Confederation, 518
Worshipful Company of Founders, 124
Direct-reading Emission Spectroscopy, 414
Director's Long-service Dinner, 58
Discussions on Export Problems, 420
Dissolution of I.M.C. Sulphur Committee, 465
Distribution Plans for Nickel, 48
Dorman Long's Trading, 310, Development Plan, 480
Dressings for Dies, 189
Duke of Edinburgh at the B.I.F., 572

E

Early Four-stroke Engine, 18
Early 19th Cent. Commerce, 194
Economic Prospects this Year, 424
Economical Use of Metal, 205
Economical Use of Metals in the Foundry, 433, 475
Efco Agreement, 144
Effectiveness of Joint Consultation, 424
Efficiency of Coal-burning Space-heaters, 90
Electric Furnace, Large South African, 261
Electrons in the Examination of Metals, 556
Electrostatic Painting of Castings, 303
Elevator-type Annealing Furnaces for Blackheart, 583
Employment Prospects in the North, 337
Engineering and High-strength Irons (Evolution), 41
Engineering Maintenance in Iron and Steel Works, 131
Engineering Marine & Welding Exhibition, 488
Engineers' New Wage Claim, 537
Enlightened Industry, An, 239
Essential Imports into Brazil, 658
Essential Qualifications, 714
European Coal and Steel Problems, 320
European Steel Price Schedule, 556
European Steel Production Continues to Rise, 537
Evolution of Vitreous-enamel Formulae, 389, 531
Ex-apprentice writes to his Former Master, 420
Exhaust Systems for Grinding Machines, 153
Exhibition of Photography, 488
Expansion of Lancashire Steel Corporation, 310
Export Guarantees Act, 301
Export Licensing Changes, 366, 652
Export of Metal Goods, 499
Export Volume Down in 1952, 130
Exports and Imports of Iron and Steel in November, 24, December, 166, January, 282, February, 398, March, 540, April, 682

F

Factory Equipment Exhibition, 144, 346
Factory Report for 1951, 403
Fall in Unemployment, 337, 466
Fatality from Burning Clothing, 70
February Imports and Exports, 393
Ferro-silicon Supplies, 48
Ferrous Metals and World Markets, 109
Fettling of Mass-production Castings, 13
Fettling-shop Reorganization, 106
Film Reviews:—
Date of Birth, 260
"Making Iron" and "What goes into the Blast Furnace," 304
Fined for Scrap Deals, 673
Fireproof Conveyor Belting, 194
First Steel Development Plan, 19
Flame-plated Tungsten Carbide, 310
Flow of Metal into Moulds (Discussion), 267, 305
Fluidity Test for Quality Control in the Foundry, 573
Ford Furnace Record, 123
Foreign Competition in Engineering, 584

Foremen's Training Conference, 404, 515
Forty Years Ago, 17, 144, 260, 630
Foundry Accidents, 141
Foundry "Brains Trust," 613
Foundry Coke Merchants' Association, 658
Foundry of Antiquarian Interest, 112
Foundry Productivity Praised, 411
Foundry Sand Control, 99
Foundry Statistics, Latest, 18, 116, 280, 346, 411, 466, 696
Foundry Studies, 419
Foundry Training in Salop, 694
Foundry Union Supports Wage Claim, 578
Foundrymen visit Clarke, Chapman & Company, Limited, 246
Franco-Saar Iron and Steel Production, 652
French Coal and Steel Plans, 102
French Pact with Spain, 480
Fuel Appliances for Inferior Coke, 518
Furniture Exhibition, 205
Future of Scrap Drive, 388
Future of the Gas Turbine, 556

G

Gamma-ray Equipment for U.S., 272
Gating Principles, 63
"Gecalloy" Magnets, 508
German Foundry House, 58
German (Pre-war) Trade Marks, 118
George Kent's Canadian Company, 17
Glasgow Firm Expands, 309
Government Losses on Non-ferrous Metal Trading, 196
Grain-size of Cast Magnesium/Aluminium Alloys, 388
Green-strength—what is it?, 193
Grinding-machine Exhaust Systems, 153
Grinding-wheel Fatality, 156
Guest, Keen, Baldwins acquire Iron-ore Company, 556
Guest, Keen, Nettlefolds Group Research Laboratory, 621

H

Hadfields' Furnace Installation, 175; Profits Jump, 280; Training Scheme for Foremen, 18
Hanover Fair, 223
Harland's 50 years of Engineering, 636
Harper's Amenities Extended, 650
Head Wrightson's Spanish Contract, 244
Health and Safety in Foundries, 155
Heat Losses in Open-hearth Furnaces, 300
Heat-treatment of Nodular Cast Irons, 684
Heavy Burden of Taxation, 280
Heavy Damages on Pollution Charge, 582
Height-of-charge Indicator for Cupolas, 216
High Duty Alloys Instal Giant Press, 230
High-silicon Aluminium Alloys and the Corresponding Structures, Modification of, 725
Higher French Steel Output, 266
Historic Steamroller, 480
Hobkirk's New Foundry, 610
Hot-metal Receiver Plants, 332
Hot Spots, 309
House Organs: 172, 247, 506, 741
Huddersfield Protest at Inclusion of Foundries, 17
Human Factors in Industry, 394

I

Ideal Home Exhibits, 311
Imperial College Finances, 223
Importance of Materials Handling for Improved Production, 450
Imports and Exports of Iron and Steel in November, 24, December, 166, January, 282, February, 398, March, 540, April, 682
Income-tax Assessment and Procedure, 192
Increased Export of German Iron and Steel Products, 423
Increased Production in South America, 196
Increased Use of Titanium, 537
Index of Industrial Production, 339
Indian Institute of Technology, 279
Induction Stirrers for Molten-metal Baths, 495
Industrial Art Bursaries Competition, 298, 667
Industrial Damage due to Floods, 337
Industrial Engine Prices Cut, 546
Industrial Instruments Exhibition, 311
Industrial Safety Training Scheme, 311
Industrial Output Falls in 1952, 195
Industrial Production in Western Germany, 266
Industry's Reactions to the Budget, 480
Influence of Accelerated Solidification on Soundness, 666
Ingot Casting and Non-ferrous Melting, 741
Ingot Manufacture, Non-ferrous Alloy, 637
Inspection in Industry, 337

Institute of British Foundrymen:—
Annual Banquet, 735
Annual Meeting at Blackpool, 721, 731
Annual Report, 709
Awards, 1953, 723
Conference Fund, 619
Conference Papers, 1954, 354
Conference Works Visits, 631, 677
Edward Williams Lecture, 697; Lecturer, 696
Fifth Foremen's Training Course, 404, 515
Institute Elects New Members, 187, 557
Institute's 50th Annual Conference at Blackpool, 319
New President, 690, Senior Vice-president, 695, Junior Vice-president, 695

Notes from the Branches:
Australian (Victoria), 694
Birmingham, 123
Bristol & West of England, 421
London—East Anglian Section, 40, 178, 500, 681
London—Slough Section, 260
